

POSITION: **Maintenance Supervisor**

DEPARTMENT: **Western Pipeline Operations**

LOCATION: **Martinez, CA**

Plains All American Pipeline has a position open at their Martinez Terminal for a Maintenance Supervisor. This position is responsible for maintenance activities at the Martinez and Richmond, CA Terminals. The successful candidate will have a strong background in the petroleum industry with a working knowledge of rotating equipment, industrial maintenance, crafts, instrumentation and procedures found in petroleum storage facilities and pipeline systems. The position includes planning and directing hourly employees and contractors, providing expertise with regards to equipment reliability and technical performance, responsibility for the development and implementation of a preventive maintenance program, participation in the District Incident Command System and additional responsibilities. The preferred qualifications include a minimum of one year supervisory experience, the ability to read and understand process, instrument and equipment diagrams, computer proficiency within the Microsoft Office suite of products.
